## Career Objectives

I have experience in factory work – especially as a **Packer** and I am looking for full time work in areas related to this. I have my own car and can begin immediately.

## Key Competencies

- Experience in picking and packing, loading and unloading trucks
- Physically fit, enjoys manual labour and understands the nature of working in a repetitive environment
- Excellent self/time management skills with proven ability to meet production deadlines
- Demonstrated ability to work in a fast paced repetitive environment and maintain attention to detail
- Flexible and able to do a range of shift work including day, afternoon and night shifts
- Demonstrated ability to work well unsupervised and stay focused
- Good communication skills so I build good relationships with managers and co-workers
- Able to follow instructions and learn new skills quickly
- Always quick, and willing to learn new things

## Employment History
